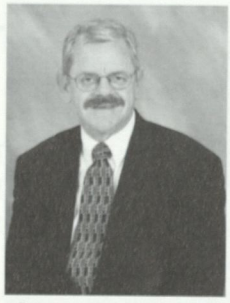
All Dean Positions Filled

The campus was buzzing recently with four dean searches in full swing. All searches ended successfully and SU welcomes its newest leaders.

Dr. Timothy G. O'Rourke, the Teresa M. Fisher Professor in Citizen Education at the University of Missouri-St. Louis, will take the helm of the **Fulton School of Liberal Arts**. O'Rourke has held a joint appointment to the Division of Education Leadership and Policy Studies in the College of Education and the Department of Political Science in the College of Arts and Sciences at UMSL.

The **Perdue School of Business'** new dean, **Dr. William M. Moore**, last served as dean of the College of Business Administration at Valparaiso University in Indiana. Moore, who earned his Ph.D. in business administration from Ohio State University, has held joint appointments as dean and professor of management at Valparaiso since 1998.



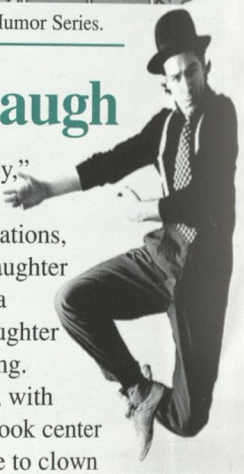
Professor and founding director of the College of Education at Florida Gulf Coast University, **Dr. Dennis Pataniczek**, will soon be leading the **Seidel School of Education and Professional Studies**. In 1996 Pataniczek joined FGCU, which opened a year later, to develop the initial vision for its College of Education, providing the leadership in the recruitment of a team of student-focused faculty committed to the use of technology and active learning strategies.

Dr. Alice Harrison Bahr, director of the library at Spring Hill College in Mobile, AL, was recently named dean of **libraries and instructional services**. Bahr, who has been the library director at Spring Hill for 13 years, was editor-in-chief of *College & Undergraduate Libraries,* a commercial, peer-reviewed professional journal published by The Haworth Press, Inc.

For more information on the deans, visit SU's news and events site www.salisbury.edu/newsevents.

Cartoonist Robb Armstrong opened the spring Humor Series.

A Time to Laugh



"Life is too important to be taken seriously," said Oscar Wilde. Humor can create healthy perspectives, make or break reputations, puncture pretentiousness. Some believe laughter can save lives. In spring 2002 SU hosted a series of events that not only provoked laughter but also thoughts about why we're laughing.

Humor, from the visual to the political, with classic pratfalls and high-tech clowning, took center stage when the Box of Light Theatre came to clown around and Chaplin-esque entertainer Dan Kamin brought illusion to SU. In addition, Pulitzer Prize-winning poet Henry Taylor shared his humorous verse and cartoonist Robb Armstrong (of "Jumpstart" fame) "drew" crowds.

Box of Light performers combined classic clowning with high-tech productions.

Every semester SU sponsors a cultural events series. For the latest in events happenings visit www.salisbury.edu.

Greenhouse Added To Science Building

With the shadow of Henson Science Hall now looming large on the campus landscape, this soon to be opened state-of-the-art facility received an added boost with the establishment of the Marshall Family Endowment Fund with a $25,000 pledge to the SU Foundation, Inc., by Richard and **Elizabeth ('58) Marshall**. The fund will provide continuing support for botanical research to be conducted in a 2,000 square-foot greenhouse as part of facility. Henson Hall will celebrate its grand opening on Thursday, September 5.

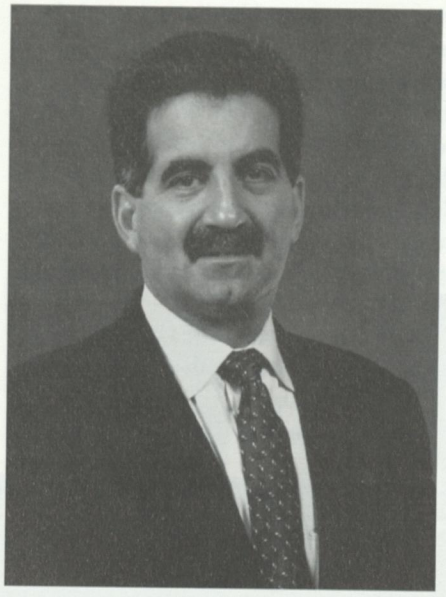
A Short First Year . . .

by Albert C. Mollica
Vice President of University Advancement



I have had the pleasure of serving Salisbury University as vice president of University Advancement and executive director of the SU Foundation, Inc., since July 16, 2001. About 11 months in a job is really not enough time to make comprehensive assessments or analyses, but I think it is enough time to allow me to state unequivocally that the SU Alumni Association is one of the University's best assets. I'm sure you already knew that!

In my nearly 25 years in the non-profit sector, I have found one common denominator in all the outstanding organizations I've encountered and that is strong volunteer leadership. I am reassured, as you should be, that the SU Alumni Association has that essential characteristic. I have been amazed and delighted by the quality, commitment and sense of responsibility exhibited by the wonderful people who serve on the board of directors and its committees, as well as those who work energetically on behalf of the various alumni chapters. The future of your Alumni Association and your University are in good hands.

Finally, I want to personally thank Hugh Hanson and Pam Dolle and all the members of the Alumni Association Board for your kindness and patience in helping my transition to the SU community. I truly look forward to working with all of you to build on the momentum that we have established to expand our network and increase participation by our alumni in the life of Salisbury University.

Have a happy and safe summer, and I hope you'll make an effort to come back to campus for one or more of our many fall events, programs and activities.

University FUND

www.salisbury.edu/univfund

One Person, One Fund, One Incredible Difference!

As SU alumni, your gift to the Salisbury University Fund, however modest, is a powerful tool for change when combined with the gifts of others. When you give to the Salisbury University Fund, in concert with others, students' lives are touched. Although some donors contribute large sums, most contribute modest amounts regularly, according to their means. The overall impact is powerful difference in SU students' lives.

Alumni have made gifts to the Salisbury University Fund Annual Campaign via the Internet (www.salisbury.edu/univfund/pledge.html), fall and spring phonathons, and direct mail. If you have not yet made a gift, we hope you will consider making one prior to our fiscal year end, June 30, 2002. If you have made a charitable commitment via the fall or spring phonathon, please remember to fulfill your pledge by June 30.

On behalf of all the students who will benefit from your generosity, thank you for continuing to make a difference at Salisbury University.

20 Percent Alumni Participation

Last year, a record 18.6 percent of Salisbury University alumni made a gift to the University. Our goal this year is a new record of 20 percent alumni participation. **Every single gift—no matter the amount—makes a difference.** Think you won't be missed? THINK AGAIN!

Alumni leading the way to 20 percent participation:

9 percent are first-time donors
29 percent have given sometime since graduation
62 percent renewed last year's gift

Make your gift to the Salisbury University Fund before June 30.
